

PRODUCT DESIGNER

Véronique Comtois

I'm a tech savvy Product Designer based in Montreal, currently at WorkJam. Open to collaboration on design projects or any basic front-end development needs.

Experiences

2021 - CURRENT

PRODUCT DESIGNER

WorkJam, Montreal

As the Design Lead for the BI team and a Core squad member, I collaborate on data visualizations and admin screens for company and regional managers. Working closely with the design team, product managers, and developers, my role ensures seamless integration of creative design and strategic thinking to deliver user-friendly solutions.

2019 - 2021

WEB INTEGRATOR, UI/UX DESIGNER

Mango Software, Montreal

As a Designer, I created responsive layouts for websites and mobile apps, seamlessly integrating them into frameworks and front-end tools, particularly React. My role involved a blend of design proficiency and technical implementation expertise.

2010 - CURRENT

FRONT-END DEVELOPER, UI/UX DESIGNER

Self-employed, Montreal

I manage website projects, ensuring high functionality and aesthetics. I specialized in WordPress theme integration, jQuery, Bootstrap3, HTML5, CSS3, and PHP for effective web solutions.
